If not downloaded directly. Please note that try to attend the Scuba Trust-dive session therapy form must be completed and returned before attendance. If there are any yes answers on the try-dive medical form then a member of the training team will be in touch with you to discuss the form. Scuba Trust Form Subscription Form TRI-Dive Medical Form Paddy Form Paddy Dive Medical Form Requires Paddy Medical Form to participate on any paddy course. If any yes answer is given a physician must fill in and sign and stamp the appropriate sections. This can be done by your own GP or by an approved diving doctor. BACC Form Diver Self Declaration Medical Fitness Form Medical Referee Form 2016 If there is no 'yes' answer, self declaration form is required. Medical referee form is required for full medical if any yes answers are given. This is to be done by a diving doctor approved in the ukdmc list. It can be found trying to dive here if you are considering scuba diving as a sport or just curious, why not try to dive with one of our nationally qualified trainers. We usually run to try a Tuesday evening dive at Wigan Life Centre; However for the big groups we can run to try dive sessions over the weekend. If it's your first try dive with The Mid Lanx Sub Aqua Club, it will cost just £20 per person. A try dive contacts us to arrange a line drop by using the TAB how the 'Ocean Diver' course will provide you with the fundamental knowledge and skills you need to enable your safe exploration of the underwater world on club dive trips or holidays. Mid Lanx can all arrange Aqua Club training programs ranging from days to weeks to months that are in line with members' availability. But all training programs go into a progressive sequence at a pace consistent with the individual and no one will ever be moved. After all we are here to enjoy ourselves safely. How fit should I be? As with all sports, scuba diving can be physically demanding, so you need to be reasonably fit. Don't worry you don't need to be a candidate for the Olympic squad, more than the vast majority of the public are participating to fit. Members must complete a BSAC self-declaration medical form before starting training. This medical evaluation basically assesses people as their 'fitness to dive'. However, should this self-evaluation highlight any issues further advice would require a demand from a medical referee. What tools? During training, you will have to use club equipment at first, i.e. masks and fins and scuba sets (bounce compensation device, and cylinders). Once you're ready to go on open water training, a lot of people have already started to buy their own equipment. We will always recommend diving into one Suits in and around the UK. Mid Lanx now has a large range of dry suits and undersuit sizes for the use of our members. If and when you decide to purchase your own, Mid Lens can provide sound advice to look into your devices and on where the best deal is to be found. What is the cost? The first year costs £269 for adults and £178 for junior members, it includes BSAC membership, training packs and the use of club equipment throughout ocean diver training. The ongoing costs for club membership are £199 for adults and £108 for juniors who includes BSAC membership. Once qualified as an ocean diver, club equipment can still be used for a small service fee of £1 per use of each of the following following-drysuit; undersuit; cylinder; regulatory set; BCD (Buoyancy Control Equipment). The first time you breathe underwater is the experience of remembering - and you'll be surprised how fun it is. A try dive is a scuba diving taster session and can help you save time and money by finding out in advance if you like diving. Our endeavour dive sessions include brief poolside tuition over the past hour and diving techniques and equipment, followed by a scuba dive in our pool with a BSAC qualified instructor to make sure you get maximum enjoyment from your first scuba dive. We hold these sessions in the pool at 9 p.m. on Thursday nights in the park. Scuba diving with Surrey Aquanots is easy to try. Just send us your name and contact details through our contact form below or email us at info@surreyaquanots.org.uk and one of our club members will contact you to arrange to try your dive. FAQs Who Can Try A Dive? There is no lower age limit for trying to dive. Before your try dive you will be asked to read and complete a medical form, please download now to take a look at the try dive medical and responsibility declaration. If you are below 18 years of age, you will need a parent/guardian to sign this declaration form. What is the price? Our try dives are £20 for adults and £15 for under 18s. Your endeavour dive fee will be deducted from the cost of your course if you decide to join our club and sign up for our Ocean Diver course. What do I need to bring? Just don't mind getting your swimmers, a towel and an old T-shirt that you get wet. We will provide everything else. When can I try a dive? We hold our pool session at 9 p.m. Thursday evening at the pool in Parks, Woking, so while we can arrange an instructor for you, we can book a date in you to suit you. Try Dive Medical Form Form
